

What others say ...

“**To walk The Sacred Path** is to discover the inner self in a unique process that will serve again and again. Diana’s energetic nature and her deep faith in the spiritual value of the individual life infuses her teaching with great relevance. She imparts a reverence for all peoples and the expressions of their cultures. She shares her wisdom in a personal manner that paves the way to continuing growth for those who join her. For anyone looking for the deeper meaning of human existence, this is a most worthwhile journey.” Lena Lonigro
Writer and Radio Announcer, Dayton, Ohio

“**The words of the Tao** come to mind from about the 5th or 6th century. To paraphrase, a True Leader leads more invisible than visible, so that each and every person feels they are accomplishing for themselves. Besides so admirably filling the position of leader for us, Diana also takes on the separate role of spiritual counselor and mentor for us, not to explain everything or come up with our answers. We must find our own. She teaches us even in, and through, silence, so magnificently giving guidance, direction, and the supporting framework we require.” Bernie Middleton,
Healer, Hawaii

“**There is one word** that glows brightly for me when I think about my work in The Sacred Path—it is community. The wisdom of Joseph Campbell and Jean Houston inspires Diana at a cellular level. The Sacred Path is the community learning as one individual cannot. It is being a part of the world and being a part of the world mind.” Richard A. Vorpé
Poet, Dayton, Ohio

“**The Sacred Path workshops** are fun, energizing, interesting, and inspiring. Personal growth occurs, insights come, and I feel led every step of the way. Before knowing Diana, I didn’t think I was capable of the many things I do now. I highly recommend The Sacred Path to anyone who wants to grow spiritually, to plumb their own inner depths, and to find out who they truly are.”
Christine Dull
Board Member, National Council of the Fellowship of Reconciliation; author, and founder of The Dayton International Peach Museum, Dayton, Ohio

What is The Sacred Path?

In ancient times there were mystery schools that taught the secrets of the ages. Those who became seeped in the knowledge of the mysteries of the sacred wisdoms became the seers and leaders of their historical eras. This knowledge cannot—must not—be lost. It must be passed down from generation to generation and given to those ready to receive and to use the wisdom wisely. For the modern-day seeker, there are the mystery schools of today. One of these is The Sacred Path.

If you are a seeker of truth; if you want to live the greatest life you can imagine; if you want to help others and make the world a better place for all, you belong in The Sacred Path.

- The importance of your desires and how their manifestation will help heal the planet

The Sacred Path is also a community of people dedicated to discovering their own mission and greatness to make their lives, and life for everyone, better.
